Placement Training Assignment - 17 June

Submission Instructions

Please adhere to the following guidelines for your assignment submission:

1. **PDF Document:**

   - Create a single PDF document.
   - The first page of the PDF **must** contain your student information: your **GeeksforGeeks ID**, **LeetCode ID**, and the **GitHub Repository Link** for your solutions.
   - Following your student information, include **screenshots of your successful submissions** for each question from their respective platforms (GeeksforGeeks or LeetCode).

2. **GitHub Repository:**

   - **Push all your code solutions** for the questions listed below to your specified GitHub repository.
   - Your repository **must follow** this exact folder structure:

```
Root/
├── DSA/
│   ├── 17 June/  (Your solutions for today's questions go here)
│   └── 18 June/
├── Aptitude/
└── Communication Skills/
```

DSA Assignment - June 17, 2025

Assignment Questions

Solve the following problems and ensure your solutions are pushed to your GitHub repository and submission screenshots are included in your PDF.

1. **Reverse digits**

   - **Platform:** GeeksforGeeks
   - **Link:** https://www.geeksforgeeks.org/problems/reverse-digits/1
2. **Search Insert Position**

   - **Platform:** LeetCode
   - **Link:** https://leetcode.com/problems/search-insert-position/
3. **Single Number**

   - **Platform:** LeetCode
   - **Link:** https://leetcode.com/problems/single-number/
4. **Missing Number**

   - **Platform:** LeetCode
   - **Link:** https://leetcode.com/problems/missing-number/description/
